

Buona's Nutritional and Allergen Information

The nutritional and allergen information contained in our restaurants or on our website (www.buona.com) was prepared by Nutritional Information Services (NIS).

The data contained herein was complied from nutritional information, ingredients and allergen listings provided by our suppliers / distributors and by an analysis generated using a software analysis program.

This information is meant to serve strictly as a guide for personal use and should not be considered a guarantee, but simply our effort to better inform our valued guests.

About Our Nutritional Information

The nutritional information listed on the following pages is meant to provide a general estimate of the nutritional values associated with our menu items.

The actual values for a menu item may vary from the values listed due to variations in serving sizes, the actual product preparation and / or substitutions of ingredients by our suppliers / distributors.

Please check the information contained in our restaurants and on our website frequently to ensure that you have the most up-to-date nutritional and allergen information available.

About Our Allergen Information

We understand the challenges facing the community of people who struggle with food allergies or have to manage food and beverage sensitivities in their lives. It is important that you are aware that milk, egg, peanut, tree nut, fish, shellfish, soy and wheat allergens are present in our restaurants.

We ask that when placing your order you alert our order taker and / or manager to your food allergy or sensitivity. The more information relating to your specific needs you can provide, the better we can attempt to protect you.

Do to the fact that we do not have separate equipment dedicated for the preparation of allergen-based food requests, the possibility of accidental cross contamination exists.

Decisions on the amount of precautions you should take before enjoying any of our menu items are always best made by you in consultation with your health care provider.
